## Copenhagen

by Lassen owns the rights to the designs of two of Denmark's greatest architects – Mogens Lassen (1901-1987) and Flemming Lassen (1902-1984). The Lassen brothers were extremely talented and were honoured with many awards and grants for their unique designs and iconic architecture. by Lassen is a family business whose simple mission is to carry the Lassen legacy forward – because good design lives on through new generations.

## BY LASSEN'S TWIN TABLE IS NOW LAUNCHED IN BRASS / MISTY GREEN

The small table, Twin, derives from a love for the shape of a stringent, square cube. With its minimalist expression, it is a beautiful element in any modern home. The new version in brass and misty green in a long-awaited extension to the line by Lassen's exceptionally popular Twin Collection.

The raw, yet elegant allure of brass combined with the deep green surface flawlessly compliment the warmth of old wooden floors or colorful carpets. With its flexible top, which features a different surface on each side, the Twin offers the potential for a variety of design expressions in one and the same table. The tabletop is placed on a cube-shaped frame made of 6mm thin steel profiles, which lend the table a very light and stringent appearance.

"We wanted to create a multifunctional piece that enables the user to style the table in different ways, for different spaces or for a special atmosphere. We think that the ability to reverse the tabletop is unique, and that it allows for many more uses than a regular table," says Nadia Lassen, director of by Lassen.

With Twin by Lassen opens the way for individuality - use Twin as a side table, nightstand or place several of them together to create a coffee table. The only limit is your imagination!
